Praise Report: Lord, we thank you for the new encouragement; You give to those who asked for guidance. Thank you for meeting with us during last Sunday morning and evening services, sending help for our very need. For keeping His protective hand on our nation, for the many men and women in the armed forces who gave their lives to keep America safe. We will never forget their sacrifice. God has blessed us. For the watch care over Christine Fox during her illness, there is no fluid in her ear. Remember Christine as she recovers that she will be able to continue her visitation ministry. We are blessed to have Christine in our fellowship.
